

**Prichard Murray Volunteer Fire Department, Inc.**  
**July 8, 2008**

**Present:** Joe Moos, Stevie Gibbons, James Cleveland, **Rt Wilson**, Steve Coyle, Bev Johnk, Mary Decker, Netta and Randy Babin, Francine King

<b>Finances:</b>	checking	\$3156.65
	savings	\$16,290.42
	ems	\$4203.45

All bills are paid to current. These include \$3895.98 for building supplies—doors, supplies, cement.

There is no new information on selling the **Seagraves**.

The **ice cream social** brought in \$687.41 with outstanding bills of \$42 for the ice cream and \$45 donation to the Murray park. We ran out of everything and want to repeat it next year.

We have received two gifts for the matching monies for the **breathing apparatus grant**--\$250 from New Jersey Mining and \$500 from Avista. James continues to see no problem in getting the remaining money by the end of the calendar year, but that work needs to happen yet.

Because of an expected price increase August 15, 2008 for the **breathing apparatus**, a motion was made by Donna, seconded by Joe and approved to go ahead and buy the equipment now before all the matching funds had been acquired.

We will not do an **open house** this summer.

There are no work parties for the **addition** planned at this time. Posts to protect the doors have been installed.

The **budget** for 08-09 was approved.

James Cleveland resigned from the **board** and recommended Ron Wilson take his place with Mike or Mary Decker being an alternate during the winter.
